ABOUT ME

AI-Powered Full-Stack Developer with expertise in **designing, developing, and deploying** scalable **software solutions** across modern web and mobile ecosystems. Adept in **full-stack frameworks, cloud integration, and AI-driven automation**. Known for combining clean architecture with data-informed design to deliver reliable, efficient, and high-performing digital products.

WORK EXPERIENCE

GHOREX (SELF-FOUNDED / INDEPENDENT PROJECT) - KABUL, AFGHANISTAN

Department Founder & Technology Department | **Email** support@ghorex.com | **Website** <https://www.ghorex.com>

FOUNDER & CEO - 05/09/2024 - CURRENT

- **Founded and led** the end-to-end development of **GhorEx**, a full-featured e-commerce platform empowering local communities in Afghanistan to buy and sell goods seamlessly.
- **Engineered and deployed** a scalable full-stack **mobile application** with an intuitive UI/UX, implementing **secure authentication**, dynamic product listings, and **real-time order and chat management**.
- **Defined the product vision and technical roadmap**, aligning user experience, performance, and business goals to deliver a **reliable, accessible digital marketplace** for underserved regions.

WHO - KABUL, AFGHANISTAN

SOFTWARE DEVELOPER - 08/11/2024 - 27/03/2025

- **Developed and deployed** high-performance, responsive **web and mobile applications** using modern frameworks and programming languages, ensuring **cross-platform scalability, security, and maintainability**.
- **Collaborated with cross-functional teams** to convert business goals into robust technical specifications, contributing to **system architecture, feature design, and end-to-end implementation**.
- **Applied software engineering best practices**—including version control, modular architecture, and automated testing—to **enhance code quality, maintainability, and delivery efficiency**.

WASSA - HERAT, AFGHANISTAN

WEB DEVELOPER, PART-TIME - 01/08/2021 - 31/12/2021

- **Designed, developed, and deployed** over **5 responsive websites and web applications**, enhancing user experience and increasing overall **client satisfaction by 20%**.
- **Collaborated with cross-functional teams** to **optimize performance**, achieving up to **30% faster page load times** through **code refactoring, caching strategies, and front-end best practices**.
- **Debugged and resolved** more than **50 technical issues** across multiple projects, ensuring **100% platform functionality** and full **WCAG 2.1 accessibility compliance**.

PROJECTS

06/01/2025 - 05/04/2025

Modern Next.js Portfolio

- **Developed an AI-powered personal portfolio** using **Next.js, React, and TypeScript**, showcasing full-stack expertise through immersive animations and a dynamic, app-like user experience.
- **Engineered responsive, interactive UI components** with **TailwindCSS** and **Framer Motion**, delivering seamless motion effects and adaptive layouts across all device types.
- **Deployed and optimized performance** via **Vercel**, ensuring fast load times, smooth transitions, and a polished modern interface that reflects advanced front-end craftsmanship.

EDUCATION AND TRAINING

01/01/2020 – 06/10/2024 Herat , Afghanistan

BACHELOR OF COMPUTER SCIENCE Herat university

Website <https://hu.edu.af/>

03/01/2023 – 17/08/2024 San Francisco, United States

CERTIFIED WEB AND DATA VISUALIZATION DEVELOPER - REMOTE freeCodeCamp

Website <https://www.freecodecamp.org/> | **Field of study** Computer Software Engineering

RECOMMENDATIONS

Nasima Hoshmand Project Manager, WHO, Afghanistan

*"During his tenure with the World Health Organization, **Abdul Jamil Fardin** consistently demonstrated exceptional **technical skill, professionalism, and innovation** as a **Software Developer**. He played a key role in designing and implementing **data-driven systems** that enhanced health data management and operational efficiency across multiple regions. His problem-solving ability, attention to detail, and collaborative mindset made him a highly valued member of our project team."*
